

American Collegiate Rowing Association 2013 National Championship

Gainesville, GA – The American Collegiate Rowing Association is pleased to announce and recognize the winners of the 2013 National Championship Regatta. Sunday finals were in tailwind conditions on the 1996 Olympic course on Lake Lanier. Many thanks to the people of the Lake Lanier Rowing Club, and the exceptional refereeing team who helped execute the event on time, resulting in the best overall regatta ACRA has seen. The 2013 regatta was again the largest since ACRA's inception in 2008, with approximately 1350 athletes competing in 255 crews, and representing 57 programs, mostly U.S. collegiate club teams. Champions of each of the events are as follows:

2012 ACRA National Champions
